A WIDE VARIETY OF RESOURCES

ABOUT

CEEIM, the European Business Innovation Centre of Murcia (South East of Spain), is a **non-profit private Foundation** that aims at boosting innovation, fostering entrepreneurship, business creation and consolidation, of **technology-based companies in the Region**.

OUR SERVICES

CEEIM brings 18 years of experience as an innovation hub, providing comprehensive support to startups and SMEs through **incubation and acceleration services, mentoring, access to public funding and private investment** (being the facilitator of the **regional Business Angel Network Murcia-BAN**), and **key networks' connections**. With a strong track record in EU- funded projects, CEEIM plays a relevant role in promoting digital transformation, sustainability and talent development within the regional ecosystem.

CEEIM SUPPORTS INNOVATIVE TECH COMPANIES

CEEIM supports innovative companies in addressing key challenges related to access to **technological expertise, market intelligence, managerial support, and finance**. It does so by providing office space, shared services that help reduce operating costs, and high-quality mentoring in business development, technology, and funding, thereby strengthening their competitiveness.

A CONSOLIDATED NETWORK OF STAKEHOLDERS

CEEIM also counts with a consolidated **network of stakeholders** within the regional innovation ecosystem, composed of Councils, universities, educational centers, chambers of commerce, development agencies, technology park, scientific park, employment agencies, clusters and associations dealing with innovation, business and entrepreneurship.

NET
WORK

CEEIM's impact is reflected in its strong support to innovative entrepreneurs and technology-based companies:

25 TECHNOLOGY-BASED COMPANIES

Hosting **25 technology-based companies** in our incubator (and more than 20 in virtual incubator)

MORE THAN 200 ENTREPRENEURS EACH YEAR

Supporting **more than 200 entrepreneurs each year**, providing business advice, training, mentoring, and a range of value-added services, including technology transfer, international partner search, intellectual property support, access to private investors, and guidance on funding schemes and subsidies.

In addition, CEEIM promotes entrepreneurship and innovation through a diverse set of programmes, events, workshops or training activities.

01

Designing and organising **workshops for innovative entrepreneurs and companies in the Region of Murcia**, alongside annual capacity-building and training programmes tailored to the different stages of business development, from creation to consolidation.

02

Promoting business creativity to entrepreneurs searching for innovative business ideas, new products development, or improvements of services or processes.

03

Coordinating the regional Business Angel Network (Murcia-BAN).

04

Supporting **cutting-edge technological communities and groups** in the Region of Murcia: Makers association, Bitcoin association, Video game developers' association, etc.

05

Participating in the design and implementation of **leading regional technological events** for the different entrepreneurial communities: Blockchain Congress of Murcia, Game creation events (Game Jam), etc.

06

Connecting **academia and schools, with entrepreneurship, business and innovation** through competitions, masterclasses, study visits, or scientific entrepreneurship initiatives.

CEEIM also provides significant added value to EU projects based on its experience in more than 30 initiatives under programmes such as Horizon Europe, H2020, INTERREG, Erasmus+ or SMP-COSME.

This experience has strengthened its international expertise in innovation management, entrepreneurship, and

stakeholder engagement. As a result, CEEIM contributes to delivering high-quality, impact-oriented, and sustainable project outcomes.
